ASPEN SNOWMASS®

## WOMEN'S DOWNHILL, SUPER G & SLALOM December 7-9, 2007

Course crossings are only permitted between Ruthie's restaurant and Ruthie's lift.

Access and viewing locations are contingent on snow conditions.

### Viewing locations:

#### Finish Area Grandstands

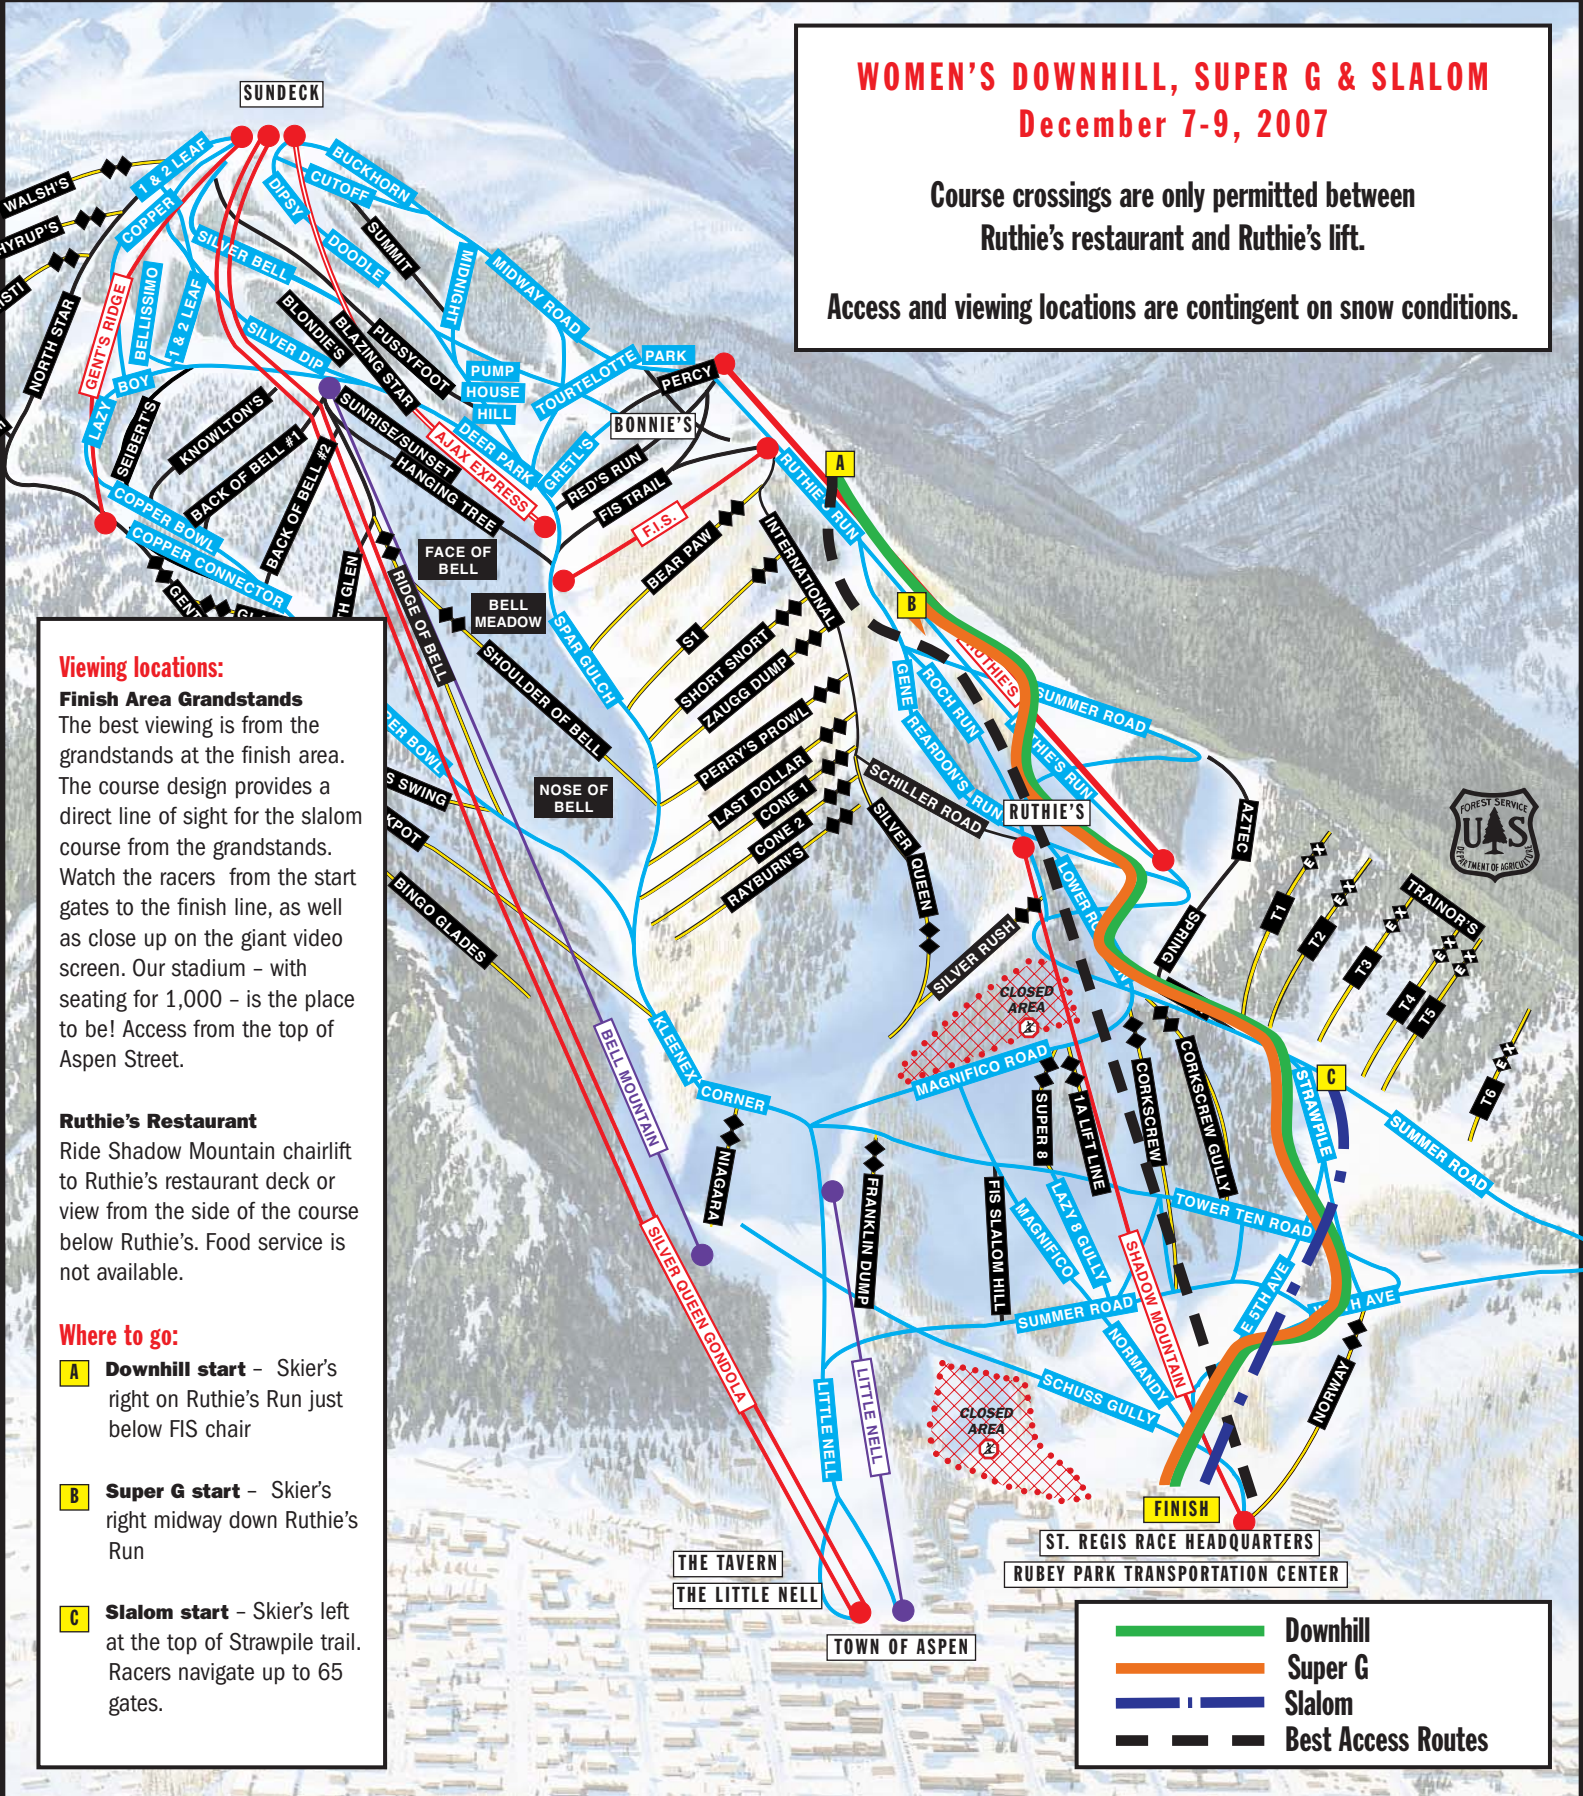

The best viewing is from the grandstands at the finish area. The course design provides a direct line of sight for the slalom course from the grandstands. Watch the racers from the start gates to the finish line, as well as close up on the giant video screen. Our stadium - with seating for 1,000 - is the place to be! Access from the top of Aspen Street.

#### Ruthie's Restaurant

Ride Shadow Mountain chairlift to Ruthie's restaurant deck or view from the side of the course below Ruthie's. Food service is not available.

#### Where to go:

- A Downhill start** - Skier's right on Ruthie's Run just below FIS chair
- B Super G start** - Skier's right midway down Ruthie's Run
- C Slalom start** - Skier's left at the top of Strawpile trail. Racers navigate up to 65 gates.
