New this year, your lesson ticket will be loaded onto your lift ticket or season pass. Separate lesson tickets will not be issued. You must have your ticket/pass to join a lesson.

Helmets:

Helmets are highly recommended while skiing and snowboarding. Helmets are required for all participants, regardless of age, when participating in Terrain Park & Pipe lessons. While helmets may reduce the severity of a head injury, the best way to avoid accidents is to know and abide by the skier/rider responsibility code.

Rentals:

If renting equipment please allow a minimum of one hour to get fitted on your first day, or if time allows pick up your pass and rentals the evening before. Four Mountain Sports rental shops are located at nine locations throughout the bases of our four mountains. Four Mountain Sports offers free overnight ski and snowboard transfer and storage between the four mountains.

Helpful Hints:

- Please contact the Treehouse Kids' Adventure Center at Snowmass for special early morning arrangements for parents who are in the clinic and have children participating in lessons at Snowmass.
- Leave the cotton clothing at home. Dress in moisture wicking layers, even in the cold.
- If at all possible, get your tickets and rentals the night before.
- Don't be afraid to ask questions! We are here for you!
