#### Helmets:

Helmets are highly recommended while skiing and snowboarding. Helmets are also required for all participants, regardless of age, when participating in Terrain Park & Pipe lessons. While helmets may reduce the severity of a head injury, the best way to avoid accidents is to know and abide by the skier/rider responsibility code.

#### Rentals:

If renting equipment please allow a minimum of one hour to get fitted on your first day, or if time allows pick up your pass and rentals the evening before. Four Mountain Sports rental shops are located at nine locations throughout the bases of our four mountains. Four Mountain Sports offers free overnight ski and snowboard transfer and storage between the four mountains.
