

Support the Environment Foundation and the Caring for Community Fund

The Environment Foundation has generated more than \$4.5 million to support 700+ projects in the Roaring Fork Valley. We fund programs tackling climate change, bolstering clean energy, and fostering environmental stewardship. Visit theenvironmentfoundation.org for more information.

The Caring for Community Fund serves folks in need by supporting social service organizations from Aspen to Parachute. We've donated more than \$1 million to support food banks, mental health, youth development, substance abuse recovery, and suicide prevention. Learn more at caringforcommunityfund.org.

More valuable than the grants is our model of philanthropy: we engage employees in the community and in causes, empower them to act as philanthropists, and deepen our connection to our community. Please consider contributing.
