1 LIFT TICKET. 4 MOUNTAINS.
EXPLORE ASPEN SNOWMASS.

Four incredible mountains on one lift ticket. Two amazing towns with endless possibilities. A winter vacation at Aspen Snowmass will engage your mind, body and spirit in ways no other destination will.

Aspen receives over 7 meters/300 inches of natural snowfall each year

Average winter temperatures are very mild and typically above 5°C/40°F.

Colorado averages over 300 days of sunshine and blue skies annually
ASPIEN MOUNTAIN  
November 26, 2020 - April 18, 2021
It's a town, a mountain, and the quintessential story of skiing in North America. Aspen installed its first lift — at the time the world’s longest — in 1946, and we’ve been leading the ski world in amenities, hospitality, and environmental stewardship ever since.

ASPIEN HIGHLANDS  
December 18, 2020 - April 4, 2021
A local favorite, Aspen Highlands offers blue and black trails running down its steep sides and wide groomers racing down its ridge. The terrain is spectacular, and the views — especially of the iconic Maroon Bell peaks — are awe-inspiring.

BUTTERMILK  
December 18, 2020 - April 4, 2021
Buttermilk is a safe and playful place for anyone to pick up basic skills, to learn tricks in the terrain parks, or simply enjoy a pure winter experience on a mountain that doesn’t see a crowd until the X Games Aspen TV cameras are rolling. Watch X Games go virtual this year!

SNOWMASS  
November 26, 2020 - April 18, 2021
Snowmass has it all, with gigantic steeps, narrow gullies, wide-open glades, rock gardens, groomers, bumps, jumps, secret trails, terrain parks, and every other thrill that a mountain can deliver, including simply delivering you to a sunny deck at the end of a gondola ride. Snowmass is large yet easy to navigate, and the world’s best instructors can show you how to get around with skill and style.
ASPEN MOUNTAIN & CITY OF ASPEN

What was once a rustic mining town is now one of the world’s most famous cultural centers, as rich with art, dining and shopping as it once was with veins of silver ore. People of all nations, ages, and abilities come to revel in an attitude that is the perfect marriage of laid-back and luxurious, of athletic and indulgent. The streets end where the slopes begin, and the legendary terrain can challenge even the most experienced skier but welcomes anyone with a taste for adventure. After the ski day is done, all slopes lead to the Ajax Tavern to begin an après ski party which may end at a thumping nightclub, an elegant restaurant, or a cozy seat in front of a roaring fire.

WHAT'S NEW

- Snowmaking top to bottom
- Warming huts
- Picnic tables
- Additional outdoor heated tent seating at Sundeck.
ASPEN HIGHLANDS

For those in the know, Aspen Highlands is the home of two local rites of passage. The first is Highland Bowl, a steep, wide-open swath of skiing bliss with turns that must be earned by hiking along a ridgeline rising to 12,392 feet (3,777 meters). Après skips a season at Cloud Nine Alpine Bistro with relax dining featuring fondues and champagne. Both take courage to conquer, and both will yield stories for years to come. With everything that a ski town native loves, Aspen Highlands is the “local’s mountain.”

WHAT’S NEW

- NEW Experience: Cloud Nine Alpine Bistro - Snowcat dinners
- Après skips a season with relaxed dining beginning at 11 am
- Additional outdoor heated tent seating at Merry-Go-Round with Grab & Go options
Buttermilk is a wide and welcoming mountain, and is also famous as a place of extremes. Children and beginner skiers love the forgiving runs that flow from top-to-bottom, but those slopes run parallel to the massive jumps where the world’s most daring athletes flip and spin during the annual X Games Aspen. Every day, snowshoers and uphill skiers charge to the summit for a cardio workout and an incredible view of Pyramid Peak, while dedicated tree skiers whiz through powder stashes that hang around for days after a storm.

**WHAT’S NEW**

- On Mountain Grab & Go items
- Outdoor heaters and extended patios
SNOWMASS MOUNTAIN & SNOWMASS VILLAGE

Snowmass is the perfect mountain for families and groups, as 95% of its lodging is ski-in ski-out. The Treehouse Kids’ Adventure Center mixes indoor and on-snow play for youngsters, and entire families can enjoy the evening activities mid-mountain at Elk Camp, including the new alpine coaster. Snowmass Village — accessible by snow, road, and gondola — delivers dining, shopping, and entertainment for all ages, all day and even long.

WHAT’S NEW

• The New High Alpine restaurant
• On Mountain Grab & Go items
• Big Burn Chairlift 6 pack (7 min.)
• Treehouse Adventure Center remodel

• Sam’s restaurant remodel (last year)
• Additional outdoor heated tent seating
• Additional meeting locations (Ski School)
• Additional snowmaking (Lodgepole & Lunarkvill)

ASPEN SNOWMASS FOR ALL AGES

Every generation of your family will find something to love at Aspen Snowmass. Whether it is a family private lesson so you can learn together, a beginner’s terrain park to instill confidence, or a tubing run that got grandpa to laugh like a kid again, you’ll find that our four-mountain resort checks all the boxes. Most importantly, there are now more ways to save. In this section, we have gathered together all the resources you need to start a plan for that perfect winter family vacation.

THE WHOLE FAMILY LOVES... Elk Camp. The Elk Camp area at Snowmass has become the epicenter of family fun in recent years with the addition of alpine coaster and tubing lanes during the day, and Ullr Nights by night, our weekly party with delicious food, a bonfire and s’mores, live music and (of course) night tubing and coaster riding.

TODDLERS LOVE... The Treehouse Kids’ Adventure Center. This facility at Snowmass — complete with Colorado-themed play rooms — offers childcare services with fun, interactive playing areas perfect for hands-on exploration.

AGES 3 TO 6 LOVE ...Unique Ski & Snowboard School programs. Based out of the Treehouse Kids’ Adventure Center at Snowmass and The Hideout at Buttermilk, our kids Ski & Snowboard School programs offer the perfect balance of play and gradual on-slopes instruction.

AGES 7 TO 12 LOVE ...On-mountain surprises, which include fun art installations and kids-oriented trails and terrain. At Snowmass and Buttermilk, several areas are customized for kids, with trails that feel like an adventure. For a whole new way to slide down the slopes, stop by the alpine coaster and tubing hill located at Elk Camp on Snowmass.

TEENS LOVE ...Something new! Hop on a snowbike and learn a new sport on the slopes together. Weave through the trees, brave the steeps, and cruise the groomers for a whole new mountain perspective. Or ditch the skis for a day and head over to the new Limelight Snowmass and try out the five-story high indoor climbing wall. Not your style? Lace up your skates instead and take a spin around the ice skating rink right next door.

NEW! SNOWMASS LUMINESCENCE December 18 - February 28 | Snowmass | Sunset - 9 PM

We could all use a little more light in our lives these days. And now, when the lifts close at Snowmass, things really brighten up. Snowmass Luminescence, an interactive art and light display will immerse you and your family in a dazzling world of light and art.
