BIKE HANDLING SKILLS CAMP:

Two day camp designed for children ages 6 to 9 that know how to ride a bike and want to learn new skills. The two days will include bike handling skills, skill development, bike safety, bike maintenance, and distance riding. The goal of this program is take those children who already know how to ride a bike and prepare them for mountain biking without jumping straight into full on Downhill Mountain biking. It's like wading into the shallow end of the pool versus diving into the deep end that is Downhill Mountain biking! Come test the waters with us and learn these lifelong skills that will make each individual a better biker.

- Day 1 consists of skill development and improvement
- Day 2 consists of a field trip to bike and apply these skills (i.e. Rio Grande Trail)
- Campers must sign up for the entire 2 days
- Please note that featured daily activities are just part of the camper day.
Other activities may include Gondola, eurobungy, hiking, crafts, cooking or climbing wall
